Art Show Sidelights

In every undertaking it seems there is one individual who performs far above the call of duty. In the case of the forthcoming Art Show and Merchants' Bazaar, that is Dr. Arthur Longpre, listed on the committee as electrical chairman, but he has single-handedly planned the physical layout of the show, prefabricated the booths at his garage in his home, purchased supplies, estimated costs, and taken over the straw boss of the construction crew who worked last weekend and will continue nightly until the grand opening. Before the week-end, Dr. Art estimated he had worked 100 volunteer hours. It will be an astronomical figure before the show is torn down.

Aug. 27-29

The Saturday workers are shown in a picture, but on Sunday many new faces appeared on the scene. Among them, Ralph Jensen, John Freels, Helen and Larry Baum, Frank Wheeler of Peggy's Catering (who fed the hungry crew as well as assisted with the show) and Paul Shoemaker of San Mateo. On Monday night, Bill Johnson, Tiny Kampe, Greg McArthur and Jimmy Taylor joined the crew. It was 10:30 Monday night before many of the workers ate dinner, but they had set up the last of the booths and installed the circus-type decorations, so it was a productive effort.

Aug. 27-29

The Recreation Department has decided not to ask for advance registrations for the pet show, so you kids bundle up your pets, no matter WHAT kind they are, and enter them in the pet show 12:30 Saturday.

Hap Jones of H. L. Moore Chrysler-Plymouth at 929 San Pablo Ave. has announced that the firm will auction three cars from the stage at 8 p.m. Sunday night, final night of the Art Show and Merchants' Bazaar.

The cars will be on display throughout the show, Jones said. H. L. Moore is also showing the Barracuda with the Formula S motor, a 230 horsepower beauty which has been winning in drag strips throughout the country.

Ellis-Olson Mortuary Offers Trophies

Harold and May Ellis Olson of the Ellis-Olson Mortuary, 727 San Pablo Ave., have generously offered two trophies for the third annual Art Show and Merchants' Bazaar.

The trophies will be the Artist Award and Booth Award. Each visitor to the bazaar will be asked to fill out a blank indicating his favorite artist and favorite booth. Those receiving the most votes will receive the trophies from Harold Olson on stage at concluding ceremonies at 8 p.m. Sunday night, Aug. 29.

Clark Substitute Resolution On Pickets Fails to Pass

A substitute resolution by Councilman Richard O. Clark to replace Councilman Joe Egenberger's resolution condemning troop train pickets in Albany failed to receive Council consideration at the Monday night meeting.

Clark's resolution was filed by a vote of 4-0 (with Clark absent). By the same 4-0 vote, Council adopted the resolution proposed last week by Egenberger, which commends members of the military, citizens of Albany and members of the Albany Police Department while condemning "peace

mongering elements in our society (which) attempted to interfere with troop movements through our City."

The summary of Clark's resolution, a three-and-a-half-page handwritten document, reads: "Therefore let it be resolved that the City of Albany feels that demonstrations should be held within the bounds of law and that grievances of public policy should be directed to the source of establishment of such public policy and failing that then through the elective process with the accompanying rationale for such

change and that this City Council in no way desires to suppress debate or political expression or express ourselves in a manner which would promote fear of re-creation."

In other matters Monday night, Council:

REFERRED to the Chief of Police an application for alcoholic beverage license by the Kue and Kushon Family Recreation Center at 811 San Pablo Ave. (Councilman Joel Parker commented that he objects as a citizen and councilman to the idea of selling beer at a family recreation center. Councilman George Hein remarked that selling beer will eliminate teenagers from the center.)

REFERRED to Administrative Officer James B. Turner, currently on vacation, communications concerning crossing protection maintenance fund and establishment of a list for railroad grade

crossings of city streets in 1966.

FILED a communication from Rapid Transit concerning personnel policies suggested in a previous Albany Council resolution.

REFERRED to the Park and Recreation commission a letter from Shirley Parr, president of the Hill and Dale Women's club, requesting help in a planting and beautification project in Albany. Primarily the request was for a water truck for maintaining plants in good condition.

FILED a report that James Virette, county surveyor and road commissioner, had spent \$38,906.28 of the state allocation in Albany; also City Assessor Myrtle J. McLean's state assessed property board roll for 1965-66.

FILED a communication signed by 21 residents of the 1100 block of San Pablo Ave. (University Village) objecting to having their opinions weighed according to the type of taxes paid.

FILED communications from Bruce A. McGaw, James Conley and Catherine J. Webb objecting to Council action concerning the Vietnam Day committee action with regard to troop trains, and the report from Mrs. David Lyon of the Library Board that Fact Magazine will be retained in the library.

HEARD a report from Tom Holler of East Bay chapter of the National Safety Council summarizing Albany's traffic accidents for 1964, which generally showed an increase.

Almost everyone involved in entertainment this year asked first if more than one act would be going on at once. Last year there was some healthy competition, which was nobody's fault, between the art show entertainment and the acts on the North Berkeley Beauty School stage. This year everything has been worked into the entertainment schedule and the beauty school has its time slots the same as the show.

Fact Magazine ...

Don of how the magazine got there in the first place. He said four members of the board were quite surprised when they learned it was there.

"How did it get there in the first place?" he asked.

He said he has been told six people came in and asked for it.

"Now that it's there, we can't get rid of it," he said. "Six placed it there and now you and I and maybe 10,000 others can't get rid of it."

Despite Mayor Lewis Howell's comment that the Council was going over the same ground again and Egenberger's remark that "we're beating a dead horse," Council rules were suspended so members of the audience could speak on the issue.

V. M. Chester said his heart swells with pride when he hears the "Star Spangled Banner," yet Joan Baez calls the song "trash" in an article in Fact Magazine. He said anyone who read an issue would agree it was filth, something designed to "tear down our youth."

About a dozen people stood in agreement with Councilman Parker's position when Chester asked for a showing of support. This was approximately half of those in the audience.

Ralph Buckwalter said he is going to go out and read "Fact" for himself, stating pornography has a right to be on the library shelves, and child Parker and Egenberger for censorship. "I stand by the Library Board," he said.

Library Board member Eleanor Miller said the discussion of Fact Magazine was based on one anonymous complaint. She said the board did not receive one written complaint nor did anyone attend the Library Board meeting to protest keeping the magazine. Several appeared to ask the board to retain it, however.

"If we were to remove every magazine from the library that someone might object to, we would not have many magazines or books," she said.

Mrs. Miller said "Fact" is not on open shelves. It must be requested.

Dick Lyness said he was sorry this controversy arose over "trash like Fact." He said it could have been Reader's Digest or Boy's Life. Lyness said he decries Parker's role as a councilman trying to suppress the action of "a relatively independent body."

Councilman Parker countered with, "If I, as an elected official, cannot express opinions, what in the daylight am I doing here?"

Joan Kendall said she could not see why Parker should be "robbed of his right to speak as a citizen or a councilman. I object to my money being spent for

Note of Thanks

I would like to thank the Albany Police Department for the very wonderful assistance and cooperation in attending my mother, Mrs. Phoebe King, and the very prompt response to the call for help at the time of her stroke August 5.

Also to the many neighbors and friends my grateful appreciation for their assistance at kind words and the many tributes received at her passing.

I am very proud to be a resident of the City of Albany.

AHS Graduate, William Hanson, Safeway Manager

Safeway Stores, Incorporated, today announced the promotion of William Hanson, manager of the MacDonald and San Pablo Avenues, Richmond, store, to manager of its Albany unit.

Replacing Hanson will be Frank Weir, who formerly managed a Hayward store.

Hanson was born in Alameda, Calif. He attended high school in Albany, and Armstrong Business College in Berkeley, where he majored in Business Management. He began his Safeway career in 1942, while attending high school, and he became a full-time career employee in 1947. He was promoted to Produce Department manager in 1953, and to store manager in 1954.

Hanson and his wife, Joy, live in Richmond, with their three children, Jon, Joanne, and Richard.

Weir was born in Howard, South Dakota, and attended high school in Port Townsend, Washington. He later attended the University of Washington in Seattle. Weir started his Safeway career in 1954, shortly after discharge from the U.S. Army. He was promoted to assistant manager in 1958, and to store manager in 1959.

Weir currently resides in Castro Valley, with his wife, Yvonne, and their four children, Lynn, Jill, Mike, and Gail.

To Omaha
Garth Duncan, manager of the Albany store, has been appointed to the position of District Manager, North Omaha District, in its Omaha Division.

East Bay Chev Defeats Moose

East Bay Chev handed Albany Moose lodge Liniment Leaguers their first defeat by a score of 14-12 in Monday night's league game at Memorial Park.

The win for the Stingrays ties up the series with three teams in first place as of this writing.

Albany Municipal Employees association met Jim Woulfe Ford Friday night. The game ended with a rather one-sided 25 for city employees, two for the Ford fellows.

Library Haunting Program Ends With Puppet Show

The Albany Library's "Haunt Your Public Library" summer reading program will come to an end Thursday, Aug. 26, when Mrs. Pauline Hale will present a program of stories for school age children, beginning at 10:30 a.m.

Joining Mrs. Hale will be Shari Redel and Susan Luoma with a puppet show based on Meinhardt de Jong's book, "Shadrach."

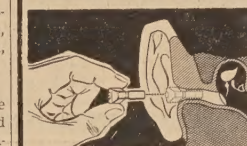

Participants in the summer reading program will receive their haunted house charts, on which a gold star has been affixed to indicate their successful reading, at the end of the program.

More than 270 children from all the schools in Albany and also from the public and private schools of Berkeley and El Cerrito have been library "ghosts" this summer.

WINS TROPHY

Albany Police Sgt. Jim Harris recently won a trophy for pistol shooting in the fifth annual Captain Weber Days in Stockton. Others from the Albany Department who participated were Officers Mel Boyd, George Phillips and Archie Stirling.

Proclamation Planning & Zoning Public Hearing on Plan Oct. 26

WHEREAS, The trade union movement, throughout its long history of service to the working people of our land, has accomplished many and lasting benefits for all who toil by urging its own membership and the consumer public in general to patronize products and services which are identified by the traditional and distinctive emblems of the union worker—the Union Label, the Shop Card, the Store Card and the Service Button; and

WHEREAS, These particular efforts of the organized labor movement in guiding and shaping the buying and spending habits of its members have resulted in increased business for fair employers, greater productivity, more permanent employment for all and a greater measure of prosperity for all members of the community; and

WHEREAS, The American Federation of Labor and Congress of Industrial Organizations and its national Union Label and Service Trades Department have set aside the period, September 6 through September 12, 1965, as UNION LABEL WEEK in honor of the purposes and principles that are the heritage of union workers and which are embodied in the Union Label, the Shop Card, the Store Card and the Service Button;

THEREFORE, be it known that I, Lewis M. Howell, Mayor of the City of Albany, do hereby proclaim the week of September 6th through September 12, 1965, as Union Label Week and I do call upon all citizens to properly and appropriately observe this important occasion.

Planning & Zoning Public Hearing on Plan Oct. 26

Members of Albany Planning and Zoning commission have set Tuesday night, Oct. 26, for the second public hearing on the proposed general plan for the city.

Those interested have been asked to circle the calendar and save that date, a Tuesday night. The hearing will begin at 8 p.m.

The commission will hold a work session on the general plan and other matters at 7 p.m., prior to the public hearing.

In other matters at the meeting Aug. 10, the commission denied J. K. Pinkerton's application for a use permit for 1123 Kains because there has been no communication from the applicant.

By request of a representative of the Phipps estate, the request to construct streets at the northerly ends of Taft, Jackson and Pierce was held over for 30 days.

A request for a home occupation by George Brown of 818 Carmel was held over until such a time as the applicant returns from vacation. Written and oral protests to issuing the permit were heard from 12 neighbors. On the agenda for last night's

meeting of the commission were continuation of public hearing on lots south of 737 Adams, the home occupation application of Brown, re-application for home occupation by JoAnn Sanchez, 807 Ramona, a request to use part of a building at 1100 Fourth St. for parts and storage.

A major item on the agenda was a request by Harold O. and May Ellis Olson, 727 San Pablo, to reduce setback on Kains to five feet for the purpose of building.

INJURED

James Freels, 15, son of Mr. and Mrs. Gil Freels of 1271 Portland, was painfully injured Sunday when he fell from his mini-bike at the intersection of Cornell and Washington. A boy reportedly ran out and kicked the rear tire of his bike, causing him to lose control. He was taken to Herick Memorial hospital for treatment of injuries to his right side, arm and leg.

'Walk Together, Talk Together' Offered in UN Booth at Show

Dr. Florence Harris
—Theo Kann Photo.

Featured in the Association for the United Nations booth at the Albany Art Show and Merchants' Bazaar this weekend will be published copies of "Walk Together, Talk Together," a song by Dr. Florence Harris of Albany.

Inspiration for the song came during an American Field Service pancake breakfast on a Sunday morning in March, 1963. On the wall was this motto: "Walk together, talk together, O ye people of the earth. Then and only then will there be peace."

Choir singers from the First Unitarian church in Berkeley sang the song in its public debut at a meeting of the Berkeley-Albany chapter of the United Nations the following April. Stephen Lehmer, choral director at Albany High school, arranged the song for his choir, which used it as the final number for their spring concert in May, 1963. At the request of graduating seniors, it was repeated at the commencement exercises in June.

The song, now published, is available at Century Music store on Solano Ave.

Dr. Harris, a teacher at Columbus school in Berkeley as Florence Shapero for 30 years, was married to Vern Harris in 1947 and retired to enter Stanford as a graduate student. She received her master's degree in 1949, and doctorate in education in 1953.

Long active in PTA, she wrote her doctoral thesis on the subject, "The PTA as a Force for World Peace." She received an honorary life membership in PTA a few years later.

In 1952, she organized a United Nations citizens committee in Albany.

Youth with Champagne Appetite Admits Taking 21 Autos

A 17-year-old Richmond youth was apprehended in Albany by Police Officer Robert Kratz when the officer spotted him on San Pablo Avenue trying to pull up the antenna of a Cadillac. Kratz became suspicious when the boy could not identify the owner of the car.

When Kratz and the boy arrived at the station, a report came in that the car had just been stolen in El Cerrito Plaza.

Within an hour, the boy had admitted stealing 21 Buicks, Oldsmobiles and Cadillacs in San Pablo, Richmond, El Cerrito, Albany, Berkeley, Oakland and San Leandro.

Using a master type key, he would take a car, drive it until he was tired of it, take another he wanted and repeat the process. Then he'd take a bus home.

In November, 1964, the same boy was apprehended in Albany for 28 car thefts. He was paroled in July of this year by the Youth Authority.

Letters

Albany Times
1240 Solano Ave.
Albany, Calif.

Dear Editor:

Below is a copy of a letter which I sent to the Albany City Council which I would appreciate your printing for the citizens to read through your paper.

Dear Councilmen:

Apparently some members of the City Council believe that they can bring their political views into the business of the city and use their position to further partisan politics.

I wish to commend Councilman Richard Clark for his levelheadedness in the midst of the grow-

ing hysteria. The council was elected by the people to represent them in matters of city business. It is not the business of the council to take sides in political controversy no matter how strongly individual councilmen may feel about an issue. The matter of protests about the war in Vietnam has no legitimate legislative purpose for the City of Albany.

In Nazi Germany the move to fascist violence followed much the same path now developing in the United States. Common ingredients which should be recognizable to students of history include: 1. "The communist menace"; 2. A target people for violent hate—Jews in Germany, Negroes in the U.S.; 3. Suppression

of all criticism through increased police surveillance and jailing of protesters. There are many more similar ingredients. The question all citizens must ask themselves now is can social change take place in the United States through peaceful means and open political debate? Are we to choose the path taken by Germany and silence all opposition, put the hated persons in jail and use the power of the police to frighten everyone into silence?

Not everyone who opposes war is a "communist" or traitor. I have opposed war since I was a teenager and learned that the government does not always tell the people the truth. In the first World War we were told that men were dying to "make the

world safe for democracy." It has been my observation that each conflict has lessened the control of the people and strengthened the power of those who benefit from wars. The democracy the boys died for in 1918 and all the years since is once more threatened, not by those who oppose war but by those who want it. These are my opinions and I am glad to state them for the record at any time. Councilmen who differed with me have that privilege as private citizens, but they do not have the right to express their private views as those of the citizens of Albany. If they can not separate their private views from their public responsibilities then they should resign from the council and be free to

talk whatever political action they choose.
Very truly yours,
MRS. CATHERINE J. WEBB
843 Washington Ave.

Editor, the Times:

Several aspects of the Albany City Council meeting of Monday, August 16, as reported in the Times, Wednesday, August 18th, seem poor acts of citizenship, on the council's part, and indicate ignorance of the complicated nature of many of the problems our society is confronted with today. Such ignorance, and the false simplifications it breeds, often lead to actions inimical to the basic American concepts of Liberty and Justice for all.

I would mention two gross ex-

amples of this lack of understanding. The first the council's approval of the derogatory words "Peace Mongering" as our country's most recent have been such "Peace Mongers" as Presidents Wilson and Eisenhower as well as more classic examples as Penn and Henry Thoreau. government encourages "Mongering" as evidenced by its own Arms Control & Disarmament Agency and through its support of the Vietnam War. MUST be distinguished from that peaceful expression of science, which in fact does not accompany the Vietnam troop fair, as reported in the

it will not be inhibited.
The second, and equally dis-
turbance of the council, was
the acceptance of Council-
man Parker's crude and derogatory
statement that certain cor-
respondents, Albany residents,
weren't tax payers. Citizens ARE
taxpayers. It is not forgotten
that they are in a free nation.
If the Albany City Council in-
tends, as is expected of it, to set
an example of rational and de-
cent citizenship it ought to be
more thoughtful in its utterances.
I heartily commend Councilman
Richard Clark for attempting to
restrain his apparently less
thoughtful colleagues.

Sincerely,

The ALBANY TIMES . . . 11

Councilman Joel Parker's Statement on "Fact"

Tonite we have several com-
munications to the Council which
are critical of my position on
"Fact" magazine. Most of the
people who have their names on
the communications have not
been first hand observers of the
City Council. They have relied
on the newspapers for informa-
tion. The Berkeley Gazette has
been guilty of printing informa-
tion not from the record, but
from various hearsay sources.
Therefore, I wish to take this

opportunity to present my stand
on this issue of "Fact" maga-
zine for the record and for the news
media represented here. I hope
that the Gazette will print what
I say rather than censoring what
I say. For some reason, the
Berkeley Gazette seems to be
very interested in "Fact" maga-
zine, noted by the facts that hard-
ly a day has gone by without
some mention of it in their news-
paper, and an interview in New
York with the editor, Mr. Gins-
burg, I believe. I am curious
why a newspaper would take
such an interest in a piece of
pornography.

Now the reasons for my stand:

1. "Fact" magazine is porno-
graphic.

2. I do not believe that public
money should be spent for porno-
graphic material.

Everything I say must be con-
sidered in this context. To re-
move any words I speak from
this context will be a distortion
of my words.

I believe "Fact" to be porno-
graphic because of what I read
in the magazine. The authors use
language which is pornographic.
The magazine does not warrant
space on Albany's public library
shelves. By placing it there we
give this piece of pornography
an air of respectability.

The property owners in Albany
are taxed .18 cents per \$100 of
assessed valuation for the Li-
brary Fund. Practically all of
the Library Fund money is de-
rived from real property tax of
.18 cents per \$100. I know that
in my stand opposing this piece
of pornography that I am rep-
resenting a large segment of Al-
bany property owners that do not
wish to have their tax money
spent for pornographic material
to be placed in our public library.
I believe that if an individual
wants to buy this kind of trash
for himself and it's available on
a newsstand that he has the right
to spend his money any way he
sees fit. He has the right to
choose.

I believe that there are many
outstanding periodicals that we
can buy and make available to
our citizens to read. These peri-
odicals would be filled with arti-
cles that are inspiring and up-
lifting, rather than delving into
perversion and using the lan-
guage of the gutter.

I am disappointed in the judge-
ment shown by the Albany Li-
brary Board. I am disappointed
because I thought that they
would want something better
than "Fact" magazine for Al-
bany. I had hoped that there
would be someone of the board
that would stand firm against
this piece of pornographic trash.
I am disappointed and ashamed.
Also I am apprehensive that this
event will mark the beginning of
a decline in the quality of our
library. We have heard much
about the quantity of books, etc.,
and the quantity of circulation,
but is "Fact" an example of the
quality? If so I believe we had
better take another look at what
we are doing with the taxpayers'
dollars.

In summary:

I object to "Fact" magazine
being in the Albany Public Li-
brary because it is pornographic.

I object to "Fact" magazine
being in the Albany Public Li-
brary because I believe it's pur-
chase to be an improper use of
public money.
